

A guide to helping organisations publicise their funding and achievements.

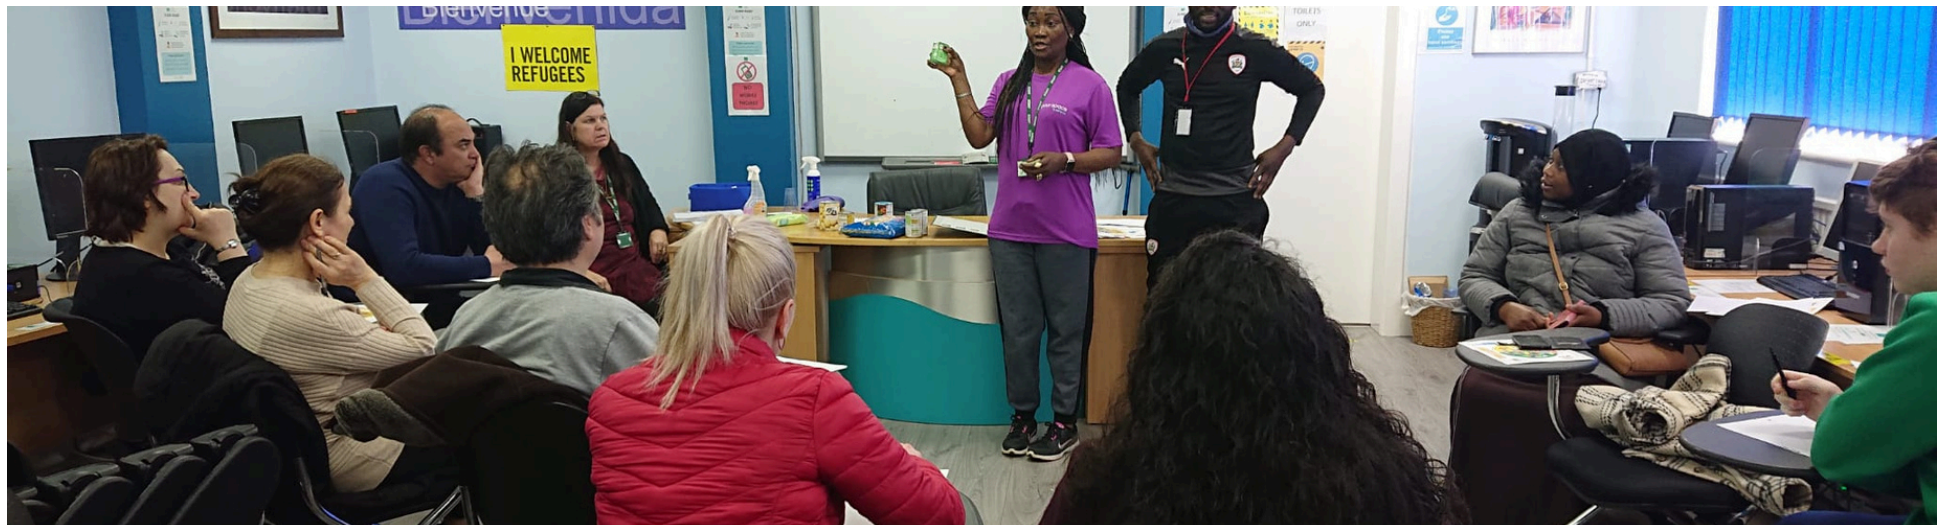

# Congratulations!

---

Congratulations on securing funding from South Yorkshire's Community Foundation (SYCF).

This guide has been created to help groups and organisations like yours to share and publicise your grant award.

For further information you can also visit our publicity page on the SYCF website [www.sycf.org.uk/apply/publicity](http://www.sycf.org.uk/apply/publicity).

# Sharing your news

---

Community organisations can help **spread the word** about SYCF's grant programmes through their website, social media, newsletters and promotional material.

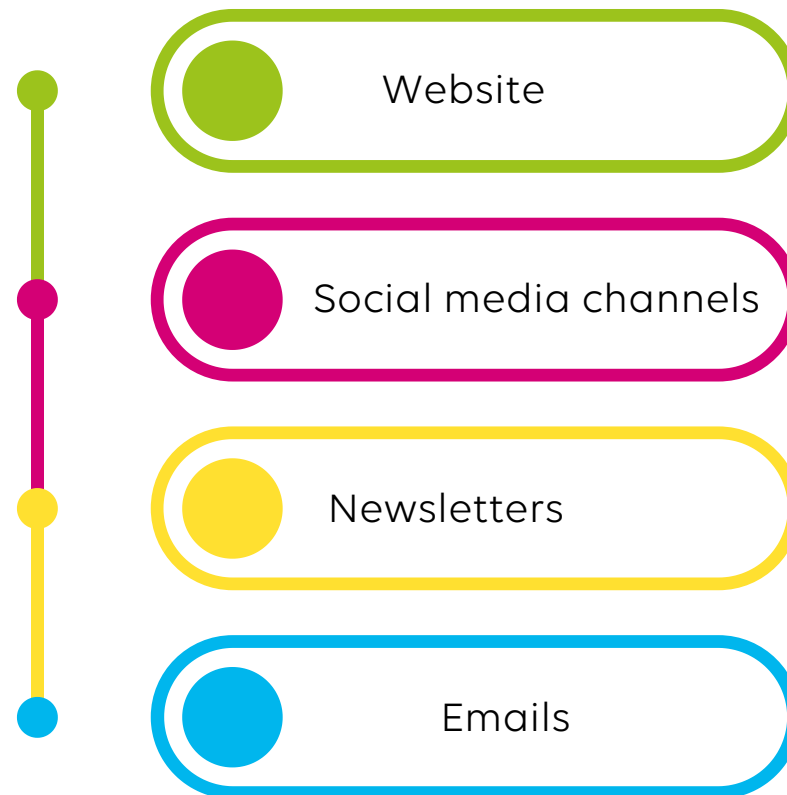

Celebrating an award of funding raises awareness of what we do best: **giving money to community** groups so they can support the region's diverse communities.

Publicity encourages our **donors to support us**, and being funded by SYCF can also **strengthen your group's credibility** and potentially lead to success with other funding opportunities.
